Berlin, 26.02.2018 – The demand for plastic and aesthetic beauty treatments in Germany has also risen in 2017. This benefits M1 Kliniken AG (ISIN: DE000A0STSQ8), which is the number one in the field of beauty medicine in Germany under its "M1 Med Beauty" brand with well over 100,000 treatments per year. In 2017 alone, the number of specialist centres in Germany increased by more than 50% from 11 to 17. The Group will continue to grow in the first few weeks of the new year.

M1 Med Beauty opened its second specialist centre in Munich. In addition to the previous location in Schwabing, M1 now operates a further centre with experienced specialists for all questions relating to aesthetic medicine and plastic surgery at the location Stachus (Sonnenstraße 11). In addition, the specialist centre in Frankfurt am Main has moved to Schillerstraße. The reason: The high demand can be better served in larger premises.

„We are very pleased with the strong demand for our high-quality treatments. It shows that our specialisation in selected aesthetic and plastic treatments is the right strategy. We will continue our growth course in the current year - and beyond - and open numerous new locations," says Patrick Brenske, CEO of M1 Kliniken AG. „With the opening of our first specialist centre outside Germany, we also intend to start our international expansion in 2018.“
