

M1 Kliniken AG opens further specialist centres: Market leader in beauty medicine remains on course for expansion in 2018

- **Expansion 2018 on schedule: The number of specialist centres will increase by more than 30%**
- **Entry into aesthetic dentistry market well received by patients**
- **Conditions created for further significant increases in sales in the coming year**

Berlin, 22.11.2018 - M1 Kliniken AG (ISIN: DE000A0STSQ8), the number 1 in the field of beauty medicine in Germany, continues its expansion course in 2018. 4 new specialist centres have been opened so far this year. Two more are to follow by the end of the year. The M1 Group will thus operate a total of 24 specialist centres for aesthetic treatments by the end of 2018. The increase of more than 30% compared to the previous year is in line with corporate planning. M1 Kliniken AG is thus creating the conditions for a further significant increase in sales in the coming year.

While M1 already opened its second location in Munich and Hamburg, the company premiered in Dresden. In October, the M1 Med Beauty specialist centre opened at the idyllic Jüdenhof 9 square in the state capital of Saxony. The modern premises are located directly in the historic old town near the famous Frauenkirche, Dresden's landmark.

In addition, the first treatment centre for aesthetic dentistry was opened in Berlin in early 2018. With the brand "M1 Dental", the company offers bleaching treatments, ceramic veneers for permanently straight and white teeth as well as transparent braces for 'inconspicuous' tooth correction. Also in this range M1 sets landmarks in quality and price. The range of services is to be expanded step by step.

"Beauty medicine has arrived in the middle of society and the demand is constantly increasing. We are pleased that we can make a contribution to market penetration with
